

Exercise 4a

Task Analysis and User Flows for a Food Delivery App

AIM:

To understand and document the steps a user takes to complete the main tasks within a food delivery app (e.g., Swiggy / Zomato).

Tool Link: <https://www.lucidchart.com/pages/>

PROCEDURE:

Step 1: Assigning Tasks

1. Browsing Restaurants
2. Searching for a Specific Food Item
3. Adding Items to the Cart
4. Placing an Order and Tracking

Step 2: Document User Flows

1. Browsing Restaurants

5. Home Screen: User opens the app and lands on the home page with featured restaurants.
6. Restaurant Categories: User taps on a cuisine category (e.g., Indian, Chinese, Italian).
7. Restaurant List: User scrolls through the list of available restaurants.
8. Restaurant Menu: User taps on a specific restaurant to view its menu.

Home Screen -> Restaurant Categories -> Restaurant List -> Restaurant Menu

2. Searching for a Specific Food Item

9. Search: User taps the search bar or icon.
10. Enter Query: User types the food item name or keyword.
11. Search Results: User reviews the list of matching items and restaurants.
12. Item Details: User taps on a specific item to view description, price, and restaurant.

Search -> Enter Query -> Search Results -> Item Details

3. Adding Items to the Cart

13. View Menu: User browses or searches for a food item.
14. Item Details: User taps on the item to see description and customization options.

15. Add to Cart: User clicks "Add to Cart" and selects quantity/options.

View Menu -> Item Details -> Add to Cart

4. Placing an Order and Tracking

16. Open Cart: User taps on the cart icon.

17. Review Cart: User checks all items, quantities, and total price.

18. Proceed to Checkout: User clicks "Proceed to Pay".

19. Enter Delivery Address: User confirms or enters delivery location.

20. Select Payment Method: User chooses UPI, card, wallet, or COD.

21. Place Order: User clicks "Place Order".

22. Track Order: User views real-time delivery status on the map.

*Open Cart -> Review Cart -> Proceed to Checkout -> Enter Delivery Address -> Select Payment
-> Place Order -> Track Order*

Step-by-Step Procedure to Create User Flows in Lucidchart

23. Create a New Document

- o Go to Lucidchart and sign in or sign up if you do not have an account.
- o Click on + Document or Create New Diagram.

24. Select a Template

- o You can start with a blank document or select a flowchart template.
- o For this exercise, start with a blank document.

25. Add Shapes for Each Step

- o Drag and drop shapes from the left sidebar to represent different steps.
- o Name each shape based on the steps from the task analysis:
 - o Login / Register
 - o Browsing Restaurants
 - o Adding Items to Cart
 - o Checkout and Payment
 - o Order Tracking

26. Connect the Shapes

- o Use connectors to link the shapes, indicating the flow from one step to the next.
- o Add arrows to show the direction of the flow.

27. Add Details to Each Step

- o Double-click on each shape to add text describing the action or decision.
- o For example, for the "Login/Register" step: Open the app, Click "Login" or "Sign Up", Enter credentials, Verify OTP, Redirect to Home Screen.

28. Use Different Shapes for Different Actions

- o Use rectangles for general actions.

- o Use diamonds for decision points (e.g., "Is the user logged in?").
- o Use ovals for start and end points.

29. Customize and Organize Your Flowchart

- o Arrange the shapes and connectors logically.
- o Use different colors to distinguish between types of steps or user roles.
- o Group related steps into sections for better clarity.

30. Review and Save Your Flowchart

- o Review the flowchart to ensure all steps are included and connected correctly.
- o Save your flowchart by clicking on File -> Save.

31. Share and Collaborate

- o Click on the Share button to collaborate with others.
- o You can also export your flowchart as an image or PDF for presentation purposes.

Example Flowchart Breakdown:

Login/Register Flow

- **Steps:**
 - o Open the app
 - o Click on "Login" or "Register"
 - o Enter details (mobile number / email, password)
 - o Verify via OTP (if required)
 - o Redirect to the home screen

Browse and Search Flow

- **Steps:**
 - o Navigate to restaurant categories or use search bar
 - o Apply filters/sorting options (rating, delivery time, price)
 - o View restaurant menu and item details

Add to Cart Flow

- **Steps:**
 - o View item details
 - o Select options (size, add-ons, quantity)
 - o Add item to cart

Checkout Flow

- **Steps:**
 - o Review cart
 - o Proceed to checkout
 - o Confirm delivery address
 - o Select payment method

- o Confirm and place order

Order Tracking Flow

- **Steps:**
 - o Navigate to "My Orders"
 - o Select the active order to track
 - o View live tracking on map with estimated delivery time
